R.M.SMYTHE

TERMS OF SALE

1) A 10% buyers charge will be added to the hammer price of each lot purchased.

2) All bids are per lot as numbered in this catalogue.

3) Bids less than 50% of the estimate **will not be accepted.**

4) We reserve the right to withdraw any lot prior to sale.

5) All successful bidders shall be billed for postage, handling and insurance.

6) **We cannot be responsible for the loss of any merchandise shipped outside the United States.**

7) **All framed items are shipped at the purchaser's risk.**

8) SMYTHE reserves the right to **reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.**

9) A SMYTHE auction bidder expressly waives any claim or right to any accounting, damages or compensation arising out of SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.

10) United States coins and currency will not, in conformity with law, be opened at less than face value.

11) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.

12) In the case of a tie between a mail bidder on the book and a bidder on the floor, the mail bidder shall take precedence.

13) **All bids must be in whole dollar amounts; this includes percentage increases.**

14) **Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.**

15) No minors may participate in our sales. **Agents bidding on behalf of others will be held liable if their principals fail to make payment.**

16) Payment for purchases is to be made by cash, check, money order or bank wire upon receipt of invoice. No lots may be taken away unless paid for in full. A late charge of 1-1/2% per month will be charged on the invoice total if payment is not received **within 10 days** of mailing the invoice. Bidders not known to us are required to deposit 25% of their total bids in advance. Credit cards will not be accepted for auction purchases.

17) Title does not pass until payment in full is received. SMYTHE reserves the right to await clearance of any check before making delivery.

18) If a collection agency or attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by SMYTHE in procuring judgement shall be borne by the defendant. The signer of a SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of the U.S. in New York City or the New York State courts as SMYTHE alone shall elect. The participant in a SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.

19) SMYTHE may reopen the bidding on a lot under the following circumstances: 1) SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the auctioneer.

20) In the event of dispute, the auctioneer's decision is final.

21) New York State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.

22) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.

23) In the event of unsuccessful litigation the plaintiff shall pay SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.

24) The same protections applicable to SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.

25) SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.

26) All accounts are payable to SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice.

27) All material in this catalogue is unconditionally guaranteed to be genuine.

28) No lots may be returned by floor bidders except for non-authenticity.

29) Mail bidders may return lots for reasons of improper description within 5 days of receipt of merchandise. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it.

30) **WARRANTY:** Each lot is sold as authentic, and SMYTHE issues with lots the following warranty. When, in the opinion of at least three competent authorities acceptable to us, a lot is declared to be not authentic, we will refund the purchase price. The benefits of this warranty are conditioned on the buyer returning the lot in the same condition as it was at the time of the sale and in the time period specified. A buyer's sole remedy under this warranty is rescission of the sale and refund of the purchase price, and this is in lieu of any other remedy otherwise available.

31) The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event [i.e. Act of God, etc.] which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No prospective bidder or prospective buyer shall have recourse as a result of any postponement.

32) The placing of a bid shall constitute **full acceptance of the foregoing terms and conditions of sale.**

How To Bid

You may bid on any lot in this sale by **Mail, Phone** or **Fax** using the bid sheet provided or on a suitable letterhead. All mailed, phoned or faxed bids for this sale **Must Be in Our Hands No Later than 12:00 P.M. Thursday, July 8, 1999.** Please confirm in writing any phone or FAX bids made within 24 hours and identify them as confirmation of bids already submitted. We do recommend calling to confirm that your bid sheet was received. Please include a day time phone number in case we need to reach you to verify any information on your bid sheet. FAXED bid sheets should be typed or written in fine point black pen to avoid blurring in transmission. In the final week before the auction, due to postal delays, we recommend only faxing, phoning or sending your bids via Federal Express. Please bid early to avoid disappointment.

Estimates

In the early years of Memphis public auctions our estimates were generally expressed in this manner - ($1,000-Up). The hobby was relatively young in America and as new collectors came into the market place, prices constantly changed, generally upward. Many pieces came up for auction for the first time, and there was no way to know just how much they might realize. We now have many years of Memphis auctions behind us, and we have developed a data base of prices realized based on thousands of examples. Armed with that knowledge, estimates throughout most of this Memphis International Auction are done as ranges, such as ($1,000-1,250), ($1,000-1,500), or ($1,000-1,750). **These estimates represent our conservative opinion as to what we feel a lot may realize, and we believe that most lots in the sale will bring prices within the estimate ranges.** Market conditions beyond our knowledge may cause some lots to sell for less than the low estimates, or more than the high estimates.

Why are some ranges narrow ($1,000-1,250), and some ranges wide ($1,000-1,500)? This depends, to some extent, upon our prior experience with a particular lot. For example, if an item has appeared in the last three sales and established a price level, then the estimate given will be a narrow range. If the item has never been seen before we establish the estimates based mainly on our own experience, and we feel a wide estimate range is appropriate.

Reserves

Where non-published reserves exist, the auctioneer may make bids in response to others. **Consignors are not permitted to bid on their own lots from the floor.** R. M. Smythe & Co., Inc has advanced money (where requested) to consignors. R. M. Smythe & Co., Inc. reserves the right to include our own material in this auction as well as to bid on any item in this sale.

Currency Art

The following lots are small (average 8" x 11") prints of works of art created by Rodney Vanworth. His larger works have been exhibited internationally and can be found in many museum collections, including the American Numismatic Association. The small works here are of four basic styles. The main theme is the artist's rendition of currency, with various changes, such as the addition of the columns of the Lincoln Memorial to the White House, added floors, and juxtapositions of two or more different buildings or vignettes depicted on currency. Some are black and white, some pastel colored, some more brightly colored, some are of notes on various maps, and some are darker montages on cloth. Each lot will have some of each design, selected to give as little duplication as possible.

OF all the Arts which have been invented amongst Mankind, for the civilizing Human Nature, and rendering Life agreeable and happy, none appear of greater Advantage than that of Printing: for hereby the greatest Genius's of all Ages, and Nations, live and speak for the Benefit of future Generations —

Were it not for the Press, we should be left and entirely ignorant of all those noble Sentiments which the Antients were endow'd with.

By this Art, Men are brought acquainted with each other, though never so remote, as to Age or Situation; it lays open to View, the Manners, Genius and Policy of all Nations and Countries and faithfully transmits them to Posterity.—But not to insist upon the Usefulness of this Art in general, which must be obvious to every One, whose Thoughts are the least extensive.

The Benefit of a Weekly-Paper, must in particular have its Advantages, as it is the Channel which conveys the History of the present Times to every Part of the World.

The Articles of News from the different Papers (which we shall receive every Saturday, from the neighbouring Provinces) that shall appear to us, to be most authentic and interesting shall always be carefully inserted; and great Care will be taken to collect from Time to Time all domestic Occurrences, that are worthy the Notice of the Publick; for which, we shall always be obliged to any of our Correspondents, within whose Knowledge they may happen.

The CONNECTICUT COURANT, (a Specimen of which, the Publick are now presented with) will, on due Encouragement be continued every Monday, beginning on Monday, the 19th of November, next: Which Encouragement we hope to deserve, by a constant Endeavour to render this Paper useful, and entertaining, not only as a Channel for News, but affording to all Those who may have Occasion to make use of it as an Advertiser.

☞Subscriptions for this Paper, will be taken in at the Printing-Office, near the North-Meeting-House, in Hartford.

BOSTON, October 1.

IT is now out of fashion to put on mourning at the funeral of the nearest relation, which will make a saving to this town of twenty thousand sterling per annum.—It is surprizing how suddenly, as well as how generally an old custom is abolished, it shows however, the good sense of the town, for it is certainly prudent to retrench our extravagant expences, while we have something left to subsist ourselves, rather than be driven to it by sad necessity.

We hear that the laudable practice of frugality is now introducing itself in all the neighbouring towns, (and it were to be wished it might thro'out the government) an instance of which we have from Charlestown, at a funeral there the beginning of last week, which the relatives and others attended, without any other mourning than which is prescribed in a recent agree-

not be true in full, that the severity of the new s—t of p——t is to be imputed to letters, representations, NARRATIVES, &c. transmitted to the m——y about two years ago by persons of eminence this side the water—And that some copies of letters are actually in this town, and others soon expected. —To whatever cause these severities are owing, it behoves the colonies to represent their grievances in the strongest point of light, and to unite in such measures as *will be effectual* to obtain redress.

The northern colonies have sense enough, at least the sense of *feeling*; and can tell where the *shoe pinches*—The delicate ladies begin to find by experience, that the Shoes made at Lynn are *much easier* than those of the make of Mr. Hoey of London—What is become of the noted shoemaker of *Effect*?

It is fear'd by many who wish well to *Great Britain*, that

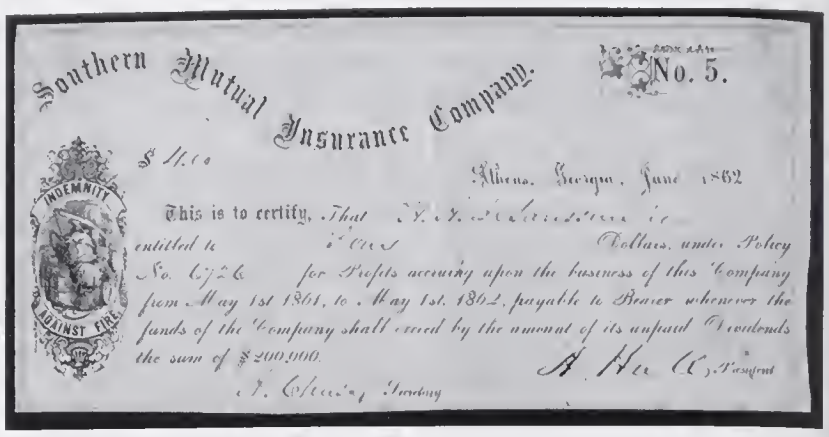
Confederate Share Certificates

5461 AR. *Little Rock(?).* Arkansas State Telegraph Company. **20 Shares.** November 13, 1862. Dutton & Freligh, Printers, Memphis. **Fine,** holed and stained at the right. Endorsed on the back September 5, 1864. ***($125-250)***

While there was much talk in the Confederacy in 1861 about setting up industrial and other such concerns, the blockade and the absence of liquid capital prevented much from being done. This firm seems to have functioned until after the war, when it merged with another telegraph firm. Some of its certificates have the "Confederate" at the top cut out and "United" written and glued on the back to fill the hole.

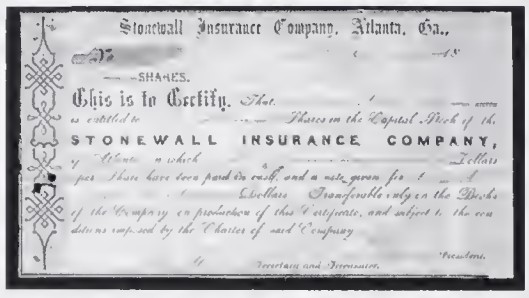
5462 FL. *Tallahassee(?).* Florida Home Insurance Company. **5 Shares.** 1863. No.114. **Abt VF,** stained along the lower right side. ***($250-500)***

While the shares had a par value of $100, only $20 was actually paid in. A firm with an exiguous capital of $2,280 would obviously not do much business. Insurance companies could be set up because they did not require foreign goods. People, cut off from their Northern insurers, were seeking someone to insure their properties. Many of the pre-war companies went bankrupt; the insurance part of the Augusta Insurance and Banking Company survived until the 1960's, but it was the exception that proved the rule. Therefore the certificates of Confederate era insurance companies are without a doubt quite rare and desirable.



5463 GA. *Athens.* Southern Mutual Insurance Company. **$4.** Dividend on May 1861-1862 earnings. **VF.** ***($250-500)***

Signed as President by Henry Hull, CSA depository at Athens, head of the Athens Manufacturing Company, which functioned before, during and after the war. Note that the dividend would not be paid until the capital reached $200,000, which probably never occurred. Another Rare certificate.



5464 GA. *Atlanta.* Stonewall Insurance Company. **10 Shares.** June 1863. No.9. The shares cost $100 each, of which $20 was paid down. **VF,** two small holes at left. ***($300-600)***

Lt. General Jackson died following his wounds on May 10, 1863. This firm must have been set up not long after, as the June 9th certificate is number 9. It too must have collapsed in 1865, and a quick survey of the Atlanta newspapers of the era does not disclose any advertisements for this firm, which may never have gone into full operation. Again a Very Rare certificate.

5465 LA. *St. Joseph.* Parish of Tensas. **$100.** July 1, 1869. Due 1881. 6% CU bond. **VF.** ***($100-200)***

5466 NC. *Shelby.* County of Cleveland. **$100.** ABN. 7% CU bond, with all coupons clipped off. Due 1878, **Abt VF.** Punch holes at the right. ***($150-300)***

Issued on the strength of a NC state law allowing counties to come up with funds for the Wilmington, Charlotte and Rutherford RR. A very attractive bond.

Confederate Interim Depositary and Funding Certificates

In offering the largest group of Confederate Interim Depositary and Funding Certificates since the Ball Sale in 1987, Smythe reminds its customers of the background of these items and the various common varieties to be found.

IDR's were issued for two reasons; first there was a need to induce the public to buy Confederate bonds and call certificates, and forms were needed to acknowledge receipt of the funds paid over. Obviously every depositary could not keep on hand a stock of bonds for delivery immediately to the purchasers. These could only be secured from the Treasury in Richmond.

The second reason arose from the Forced Funding Act of February 17, 1864. Not only were note holders compelled to hand over their notes for bonds, but Congress, in one of the most botched pieces of Confederate legislation, made the certificates tax receivable. This is why so many certificates had to be reissued and exchanged to newer and smaller denominations with which to pay the taxes.

The largest groups of forms were issued to draw in notes under two Acts; those of February 20, 1863 and February 17, 1864. The 1863 forms consist of three types. One has flower pots in the left border, usually used for 8% bonds. Type 2 has a beaded curl at both ends, while Type 3 has arrow heads at each end. These were used for 7% bonds. The Type III notes, hand altered, were used to sell 6% bonds under the Act of March 23, 1863.

The February 17, 1864 forms, leaving aside the special forms made for local use, were all printed on the pink paper used for notes and bonds from 1862 to 1864. Richmond IA, IB, 1C all have the wrong act title, "An act to fund, tax and limit the currency". These certificates were ordered from Ritchie and Dunnavant, the Richmond printers prior to the passage of the act. Quite a few books of these were printed and bound. Then, on the night of February 17, 1864, Congress changed the name of the act to the "act to reduce the currency and to authorize a new issue of notes and bonds". This rendered the already printed books obsolete. However, it was decided to use them anyway and they were sent out to depositaries, many of whom were freshly appointed, to carry out the act. The depositaries had to cross out the old name and write in the new one. The Type II forms were the corrected version and could be used immediately. The Type III follow up order was done by the printers in a style somewhat like that of the 1864 call certificates, but three to a sheet. The middle form has the error "Tonfederate" not "Confederate" at the top.

The Type I certificates fall into three varieties. The first variety is marked by the following errors; "America" reads "Awerica", "Registered" reads "Registerd" and the "r" in Confederate in the text is upside down. Type IB has a small "c" in the bottom in lieu of "Certificate". Type IC has that fault corrected, from which one infers that it was the last of the three varieties to be printed.

Enjoy this offering; it will be sometime before its like is seen again.

Alabama

5467 *Demopolis.* Act of February 20, 1863. 1863 Type I. 8%. No.59. **F-VF,** POC, taped top right corner split. ***($100-200)***

One of only 125 issued.

5468 *Demopolis.* Act of February 17, 1864. 1864 Type II. Pink paper. **VF.** ***($90-180)***

One of only 250 issued.

5469 *Demopolis.* Name written over "Selma" on brown paper, similar to Richmond II. **EF.** ***($75-150)***

Some 500 issued.

5470 *Demopolis.* Town and March Printed, on blue ruled yellow paper. **EF.** The left edge is a mass of chinks. ***($75-150)***

Also about 500 issued.

5471 *Eufaula.* Town and month printed on blue, red ruled accounting paper. **Fine, plus.** ***($75-150)***

About 500 issued. Should be an odd numbered item (the even one has an error), but with the wide top margin, this is clearly the top of the two certificate sheet.

5472 *Eufaula.* Local Typeset Type I. On blue red ruled paper. **VF.** ***($75-150)***

Signed by John McNab. One of about 500 issued.

5473 *Gainsville.* Richmond 1864. Type II. **VG,** stained, backed. ***($100-200)***

Not in the Ball collection; probably less than 100 issued. **Extremely Rare.**

5474 *Marion.* Local 1864 typeset on grey paper. **EF.** ***($50-100)***

About 800 issued.

5475 *Marion.* Local 1864 typeset on thin blue paper. **F-VF,** wrinkling along the top edge. ***($50-100)***

About 800 issued.

5476 *Marion.* 1864 Richmond Type II. **Abt VF.** ***($60-120)***

About 675 issued.

5477 *Mobile.* A.J. Guirot, CSA Assistant Treasurer. 1863 Type I, for 7% bonds. **F-VF,** hammer cancelled. ***($100-200)***

About 200 issued.

5478 *Mobile.* New Orleans form hand changed to a receipt for a deposit of money to buy cotton bonds of the Act of April 30, 1863. Uncut pair, Nos. 214-215, one for the principal, the other for the premium. **Unc,** pen cancelled. ***($125-250)***

About 250 issued, much rarer than the issue figures would imply

About 300 issued. Signed by Guirot

5480 *Mobile.* 1864 Local typeset on white paper. Heavily written upon the face with an endorsement. ***($65-125)***

5481 *Mobile.* 1864 Archer Engraved Certificate of Deposit. Signed and endorsed on the face by Guirot. **Abt VF,** a top edge chink. ***($500-900)***

Only 250 of these were issued, of which this is number 57. However, we have only seen less than twenty of these issued for Mobile and a mere handful from two Virginia towns. Since these forms were supposed to be used to receive notes for the three for two exchange, the fact that so few were used and then, in effect, only at Mobile, leads to questions as to what happened.

5482 *Mobile.* Richmond 1864 Type IC. **F-VF.** ***($75-150)***

No.84, signed by Charles Walsh, President of the Bank of Mobile.

5483 *Mobile.* Richmond 1864 Type II. **Abt VF,** much endorsed on the face and the back. ***($30-60)***

Also signed by Walsh.

5485 Similar to the preceding, Abt VF. ***($30-60)***

It was to serve in effect as an old people's home for honorable Confederate veterans and their wives. In 1897 the properties, less the cemetary, were deeded over to the state for it to operate. The history of these notes is singularly peculiar. The company was set up and the bridge build by Henry Shultz of South Carolina. His enemies gathered the notes Shultz had emitted and presented them demanding payment-hence the word "Judgement" on the right of each. They then took custody of the bridge. But Shultz still had a trump card to play. He had kept the land access to the bridge on the South Carolina side separate from the bridge company. He therefore blocked access to the bridge, rendering it worthless. Litigation followed; at one point Shultz in despair tried to commit suicide, but when he fired the pistol in his mouth, the bullet came out between his eyes leaving his face in ruins. After his death, his widow sold out the blocking land for a top price ending the war.

Unfortunately for the investors in this scheme, a general suspension of specie payments occurred in New York the month after the certificate was issued. By 1839 and after a second crash, most of the land companies had been or were ruined.

Plymouth Village was merged into Bay City in 1885 and no longer exists. The certificate is printed by Bagg, Barns & Co, Detroit.

The 1959 season began in a Chicago Court room as the owners battled over the control of the team. It ended with a riotous celebration as the Chicago White Sox defeated the Cleveland Indians 4-2 to win their first World Series pennant since 1919. The key to the 1959 season was the weekend of June 26-28 when the Sox won three out of four games against the Yankees and moved into first place. The season was highlighted by Nellie Fox establishing seven major league records and becoming the most valuable player. Teammates and future Hall of Famers Louis Aparico and Gus Wynn finished two and three in the voting.

The White Sox were organized with a small capitalization of $750,000. This certificate of 1,041 shares represents nearly 14% of the 1959 World Series Champions. This scarce and desirable certificate will add value to any serious sports collection.

Also included is a Mattel stock certificate. Widely recognized as the most beautiful and sought-after post 1960 American stock, Ringling Brothers is a wonderful example of multi-colored security printing in a circus poster style. The attention and expense lavished on this issue can only be explained by the value that circus people attach to what they refer to as "flash". Roughly translated, "flash" is a brilliant display to attract attention.

JUSTICE WILLIAM O. DOUGLAS

June 11, 1964

Dear Mrs. Dayton:

I have your good letter of June eighth and thank you for writing me. The pictures you sent of Santa Elena Canyon are most fascinating.

I certainly did not think that Marlecal was rough and dangerous. It was very delightfully scenic and had enough water in it so that we had no problems.

A friend of mine had a raft get swamped in Santa Elena and he was sucked to the bottom in great whirpools and carried 200 feet downstream befors he emerged. If he had not been young and strong he would have been dead.

I am glad you had a trip through the Glen Canyon section of the Colorado before it was put forever under muddy waters.

Yours faithfully,

W. O. Douglas

How To Get the Best Results When Bidding in a Mail Bid Sale

Bidding in mail bid auctions can sometimes be a real challenge, but mail bid auctions are real opportunities for collectors to acquire items that may be hard to obtain any other way. Experience has taught us ways to minimize frustrations, and maximize results, and we would like to share some of those ideas with you. Here are the questions we are asked most often and some of the suggestions we have made to bidders. We think they will save you time, money and help you win lots you might otherwise miss.

"I can't come to your office to view lots, but I want to know more about a particular lot before I bid on it."

Lots are available at the times and places posted in the front of the catalogue. We often bring lots to conventions, and there is no better way to learn about numismatics or scripophily than to attend a convention, view auction lots, and talk to dealers and collectors. But if you can't be there, here is how we can help you get a better idea of what you are bidding on:

1) **Call us, and we will be happy to have one of our experts describe any lot you ask about.**
2) **We can arrange to copy most items and we will FAX or mail the copies to you at a nominal charge.**
3) **If you have established credit with us we may be able to ship lots to you for direct viewing.**

Please realize that requests for phone assistance, for copies or for shipping lots directly to you **must be arranged well in advance of the closing date of the sale.**

"I have a limited budget and although there are many items I would like to bid on, I am afraid of exceeding my budget."

There is an easy way to solve this problem. It is called **a "limit" bid sheet.** Let's look at an example. Mr. Smith collects Confederate notes and he sees that there are over thirty lots he would like to buy. His budget is $1,000, but the estimates on the thirty lots he likes add up to well over $5,000. If he bids on all thirty he might win them all and exceed his budget. To be safe, he bids on only ten, and he wins only one lot for a $100. Mr. Smith is disappointed because he missed the chance to bid on all thirty lots. **He could have bid safely on all thirty lots and increased his chances of improving his collection by submitting a "limit" bid sheet.** Here is how it works.

Mr. Jones has the same collecting interests as Mr. Smith. He has the same $1,000 budget. Mr. Jones bids on **all thirty lots** he is interested in. He writes at the bottom of his bid sheet **"Please limit my total bids to $1,000."** Every time Mr. Jones wins a lot we keep track of his total spending. When the total reaches $1,000 we will stop applying his bids. We did what he would have done had he been at a live auction. We spent only what he budgeted for.

There is a special advantage to limit bidding in a mail bid sale - the bids can be listed in order of your preference. List the lots you want most first.

"I see that there are two similar lots in the sale. I want only one of them, not both of them."

This problem can be solved with an **"OR"** bid. Let's assume that Lot #101 and Lot #102 are identical. You wish to bid $200 on either one, but you don't want both. Write the following on your bid sheet and you can accomplish your goal:

"#101 OR #102 at $200"

If you win Lot #101 we will cancel your bid on #102.

"What if there are three similar lots and I only want one?"

"#101 OR #102 OR #103 at $200" will work perfectly.

"When I don't win a lot I often seem to loose it by just a few dollars. It almost looks as if someone knows what I am bidding and they bid a little more. What is going on?"

Every auction house has its own way of closing a mail bid sale. Some houses will tell bidders exactly how much the highest bid is at any given moment right up until the end of the sale. We feel this is unfair, because anyone who is able to get through by phone near the end of the sale can top anyone else. If auctions are closed in this manner clients who are "friends of the house" have a distinct advantage and can top other bidders at the end. Those who bid early are at a disadvantage. To eliminate this problem **we don't give out information on what the highest bid is.** We advise bidders to bid exactly as much as they are willing to spend on a lot, and where possible, if they win a lot we reduce their bids to an increment just above the next highest bidder (there are exceptions - please see the Terms of Sale).

We think this method is fair to everyone involved, but it does result in bidders sometimes losing lots by $1, or $5 at times. If Mr. Jones bids $100 on an item and Mr. Smith bids $101, we have no choice but to award the lot to Mr. Smith for $101.

"I bid $30 on a lot that was estimated at $100 and I didn't get the lot. Later, when I got the Prices Realized the lot was reported as unsold. Why didn't I get the lot?"

The Terms of Sale state that bids less than 50% of the estimate will not be accepted. As auctioneers, we have a responsibility to the consignors as well as the bidders. Any bid that is considered to be less than the "...regular market value..." of the item may be rejected by the auction house. Keep this in mind when making bids below the estimates given.
